How It Works:

1. All money is to be collected with each customer order and turned in by the order due date.
2. All checks should be made payable to your organization.
3. Your deliveries will be sorted and distributed to you. It will be your responsibility to pick up and deliver your orders.

How To Be Successful:

1. Sell to two or three people per day.
2. Sell to people you know (family, friends, neighbors, church, teachers, coworkers).
3. Send an email to everyone in your and your parents' contacts.
4. Call everyone in your cell phone directory and ask them to buy a few boxes.
5. Make sure you tell everyone why you are raising money (ex: Smart Boards, Library, Equipment, Travel).
6. Tally your order form and write legibly.
7. Never sell door to door to strangers!

Questions To Ask:

1. Would you be willing to help me out?
